

KENT COUNTY SCOUT NETWORK NEWSLETTER

January 2003. Issue 2 number 1

Hi - HAPPY NEW YEAR

2003 will be seeing Scout Network really getting on its feet and forging a great future.

I have been visiting round the County and there are some good local Units running. Some Districts have not as yet organised a visit - they have been busy setting up Explorers - however the time has come to make sure your District has its own Network. If you have not had a visit yet contact me on any of the addresses below and I will be glad to come and see you.

All you need is a venue a date and your Network members.

CALL ME!

Rosemarie.

Training.

Last November I spent a great weekend at Gilwell doing my Network training. I went home much better informed and relieved to find that all the other Counties are at much the same stage as Kent, battling with the same problems and working generally the same way we are.

Newsletter.

Let me know if this Newsletter gets through better than the last one did - I have tried to make it download more efficiently, by cutting out fonts and cartoons and working in word instead of serif.

I will send a newsletter each month keeping us all informed with what is going on. Information will also be on the web - **see it there!**

It would be good to highlight a Unit to let you know how others are working - send me your information including pictures! Also let me have information regarding your personal achievements - let people know what you have done!

White Horse Project.

Can you help the Gurka Regiment build a white horse as a monument above the Channel Tunnel? For more information contact me! Weekend work.

Explorer belt.

Three of our Network members are at present in New Zealand enjoying - I hope - their Explorer Belt Challenge. They should all come home with a tan, a wider knowledge of another country in another hemisphere and they should know if water does go down the plughole the other way in the Southern hemisphere!

Events

Please find a calendar of events from the water activity team.

I have been collecting information from the already existing Units of things you would like to do during the year so watch this space for further activities!

Any other events coming in from other counties I will inform you by email.

Please make sure you share information with anyone not on my email register!
