## TEAM SELECTION DAY

### INSIDE THIS ISSUE:

<b>TEAM SELECTION DAY</b>	<b>1</b>
<b>DATES FOR YOUR DIARY</b>	<b>2</b>
<b>POLE LATHE TEAM</b>	<b>2</b>
<b>FUND RAISING</b>	<b>2</b>

The team selection day for Kenya 2006 went ahead as planned at Broadstone Warren.

The day was split into different activities designed to enable people to get to know each other better, to test their organizational skills and to see how each member fitted into a team.

Initially we held a short self introduction section, just to ensure that all those that attended the day knew who each other where along with a bit of their background.

Once the introductions where over the team where given different objectives for the day. These included building 2 ballista's each capable of firing water filled

balloons at least 20 meters, Preparing their mid day meals, backwoods style, and ensuring that all those taking part in the day spent 30 minutes on the Pole lathes.

The combination of the activities gave everyone opportunity to inter act with each other whilst building the Ballista's, get an insight

into the proposed project and develop some of their planning skills.

At the end of the day the leadership team gave a short presentation on the proposed project in Kenya. This was an important part of the day as it gave information to the participants on what we where going to be undertaking in Kenya.

The day was a great success with all who attended being welcomed onto the team.

£150 installment due
- 15th July  
PreDeparture meeting.

**Project Treasurer.**  
**If you need to contact anyone with regards to money and finances, Tina is the project treasurer so please contact her direct.**

## POLE LATHE TEAM

As briefly discussed at the team selection day, we are looking for a small team of 2 or 3 people to head up the pole lathe construction and use. The idea being that as it would be a specialist skill

we only need a small number of people trained up. Equally, learning from our experience, we need to ensure that if one person drops out of the project for what ever reason we do not

left bereft of the necessary skills.

If you are interested please contact Steve.

## FUND RAISING

There are several fund raising initiatives already underway.

### Donkey Derbys

We have been offered the opportunity to help out at 2 donkey derbies. 1 in Seaford and 1 in Peacehaven. The idea is that we do the car parking and sell the event programmes. The more programmes we sell the more money we make as we get half of the sale price of the programmes. We need to ensure that we have enough people to ensure we can do the job properly. As both these fund raising

events are shared with local explorer units we need confirmed names of those who are attending.

### Sponsored Extreme Camping

The idea being you get people to sponsor you for camping in the most unusual and imaginative places. Don't forget that as well as raising money by sponsoring you can raise money from donations at the time of the event. More information and details to follow, such as sponsor form templates.

### Car Treasure hunt

We are organising a car treasure hunt for later in the year. Again more details later.
